Re: 039-15788
First Administrative Amendment to
FESOP 039-14001-00642

Dear Mr. Messenger:

Performance Painting was issued a FESOP on June 21, 2001, for the operation of a bus, van and automobile refinishing shop located at 1040 All Pro Drive, Elkhart, Indiana. A letter requesting permit changes was received on June 26, 2002. The changes related to the addition of two (2) paint booths for applying clear coat to RV units. A calculation of the potential to emit (PTE) of VOCs from the two additional paint booths indicates that the PTE is less than the threshold for Minor Permit Revision of ten (10) tons per year, according to 326 IAC 2-8-11.1(d)(4)(d). All facilities at the source are limited to 10 tons per year for single HAPs and 25 tons per year for combination HAPs in Condition D.1.1. Therefore, no change to the limiting condition is necessary for this addition. According to 326 IAC 2-8-10(a)(6), an administrative amendment may be used for incorporating a modification that "revises descriptive information where the revision will not trigger a new applicable requirement or violate a permit term". The requested modification meets this requirement, therefore, pursuant to the provisions of 326 IAC 2-8-10 the permit is hereby administratively amended as follows (~~strike-out~~ to show deletions and **bold** to show additions):

(1) The facility description in Section A.3 is amended as follows:

A.3 Insignificant Activities [326 IAC 2-7-1(21)] [326 IAC 2-8-3(c)(3)(I)]

This source also includes the following insignificant activities, as defined in 326 IAC 2-7-1(21):

- (a) Six natural gas-fired radiant heaters.
- (b) Welding and flame cutting.
- (c) **Two (2) spray paint booths, identified as Paint Booths 3 and 4, for the application of clear coat.**

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit pages to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5.
